Jerry's Synchro & Team Orders

Jerry's team orders are available in anything from stock styles, modified stock styles, custom designs or original designs based on your own drawings. We also offer custom sizes upon request for team orders, including special sizes for stock dresses even if they are not listed in the catalogue. Boys/mens apparel can be made to co-ordinate with any team order. Hair accessories, arm bands, boot covers and other accent items can also be ordered to match team outfits, but are not included unless specifically requested at the time of the initial order.

Please note that any & all custom designs, colours and/or sizes are non-returnable and non-refundable and as such are sales final. Also, teams that are ordered by measurements and/or customized sizes are not guaranteed for fit and are sales final. For custom/modified outfits, samples may be produced if time allows, but please note that if changes are to be made, alteration charges will apply. We will try our best to alter a sample so that it can be used as part of a team order, but extensive changes, colour alterations and drastic modifications occasionally cannot be done and it is actually more cost effective to simply produce a completely new outfit.

Stock items shown in this catalogue are available in any quantity (depending upon fabric availability at the time of order); however, modified stock items and custom teams are available for groups of 10 or more outfits, otherwise pattern charges and a below minimum production fee may apply. In addition, some larger/plus sizes may be priced higher depending upon how the patterns will work with our various fabric widths.

Additions to teams placed after the initial order cannot be guaranteed. While we do make every effort to accomodate additions, we cannot guarantee fabric availability or exact dye lots after the initial order has been put into production. Alternatively, we also cannot necessarily cancel an outfit for custom teams after the initial order has been placed if the team has already been cut & put into production. To keep everyone happy, please double check to make sure that items have been ordered for all members of the team including back-up/alternate members and male members at the time of the initial order. Additions to teams can take much longer to produce as scheduling can be very tight at times and priority will go to producing subsequent teams and our own stock items. In order to make sure we meet delivery times, we must rely on our valued customers to make sure they have ordered the correct numbers and sizes of items required.

Please allow extra time for all team orders & call us for more information. We will be happy to help!
