Synchro & Team Orders

Jerry's team orders are available in stock styles, modified stock styles, custom styles designed by our team or original designs based on your drawings. We also offer custom sizes on request for team orders, including special sizes for stock dresses even if they are not listed in the catalogue. Boys/mens apparel can be made to co-ordinate with any team order. Hair accessories, arm bands, boot covers and other accent items can also be ordered to match team outfits, but are not included unless specifically requested at the time of the initial order.

Club orders and team jackets are also available in a range of styles and can be custom crystallised with club or team logos.

Please note that all custom designs, colours and /or sizes are non-refundable and non-returnable. Teams ordered by measurements and/or customized sizes are not guaranteed for fit and are sales final. For custom/modified designs, samples may be produced if time allows, but please note that if changes are to be made, alteration charges will apply. We will try our best to alter a sample so that it may be used as part of a team order, but extensive changes, colour alterations and drastic modifications occasionally cannot be done and producing a new outfit may be more cost effective.

Stock items in this catalogue are available in any quantity (subject to fabric availability at the time of order); however, modified stock items and custom teams are available for groups of 10 or more outfits; otherwise pattern charges may apply. In addition, some larger/plus sizes may be priced higher depending upon how the patterns will work with our various fabric widths.

Additions to teams placed after the initial order cannot be guaranteed. While we do make every effort to accomodate additions, we cannot guarantee fabric availability or exact dye lots after the initial order has been put into production. Alternatively, we cannot necessarily cancel a custom outfit after the initial order has been placed if the team has already been cut and placed in production. To keep everyone happy, please double check to make sure that items have been ordered for all members of the team including back-up/alternate members and male skaters at the time of the initial order. Additions to teams can take much longer to produce as scheduling can be very tight at times and priority will go to producing subsequent teams and stock items. In order to make sure we meet delivery times we must rely on our valued customers to ensure they have ordered the correct numbers and sizes of items required.

Please allow extra time for all team orders & call us for more information. We will be happy to help!
